

Our Mission

Our mission is to use online Lean & Six Sigma training to empower individuals and organizations around the world to improve.

Our Approach

From increasing production, to reducing waste, to streamlining processes, there 's always room for improvement. Whatever success means to you, we'll help you get there by teaching you how to effectively and efficiently identify, understand, and solve problems. Whether you're a local business or a multinational corporation, our goal is to make continuous improvement a key part of your company culture.

Why Gemba Academy?

Affordable

The **Gemba Academy Learning System** is available for \$6495 per year and includes all of the content we have to offer. Our site-based model means that everyone at a particular geographic location gets access , with no added cost per person. Have several sites? We'll work with you to establish a fair pricing model. We regularly add new content that existing subscribers can access at no additional cost, creating a dynamic learning experience.

Adaptable

Our **Learning System** is the ultimate way to customize your Gemba Academy subscription. Add and remove users, track progress and usage, send out notifications... the possibilities are endless.

Accessible

Our videos feature expert practitioners and are designed to maximize learning efficiency , ranging between 5-15 minutes in length. Short interactive quizzes reinforce learning and Excel templates allow for the immediate application of new principles. Subtitles are also available for non-English speakers.

What's included?

- All **School of Lean, School of Six Sigma, Escuela Lean, and Gemba Academy Live!** content
- Individual tracking and reporting
- Training manager tools, including automated and on-demand reporting
- Custom learning paths based on your organization's needs and goals
