Earn Professional Development Units (PDUs) for all Lean Six Sigma certifications through our partnership with the Project Management Institute (PMI).

Black Belt PDUs: 36 credits

BLACK BELT LEAN SIX SIGMA CERTIFICATION

Personal Coaching

Our certification program includes guidance from an expert practitioner utilizing the Kata problem solving methodology. You will identify a champion who will participate in some of the coaching sessions.

Flexible

Candidates receive full access to the course content for 12 months, allowing them to set their own goals and pace. Certification is achieved by completing the coursework, a real-world project, an interactive **capstone simulation**, and a qualifying exam. The exam can be retaken as many times as needed at no additional cost, supporting your success every step of the way.

Benefits for the Organization

- Enables higher customer satisfaction
- Save money by detecting root causes in the workplace with problem-solving
- Increased productivity
- Improved quality of products and services

Accessible

Our videos feature expert practitioners and are designed to maximize learning efficiency, ranging from 5-15 minutes in length. Short interactive quizzes paired with supplemental resources allow for reinforced learning and immediate application of new principles.

Benefits for Individuals

- Applies to any industry
- Marketable-professional advancements
- Job retention
- Professional credibility
- Industry recognition

Champion (Sponsor)

A Champion is the person sponsoring a candidate through a certification program. Provides direction, secures resources, and removes organizational roadblocks to support the candidate's success and ensure a strong return on the organization's investment.

Supported by dedicated coaching that guides the candidate through training and project execution. Candidates are more likely to be successful with a Champion's involvement.
