

Syllabus Overview

This course provides a structured, practical journey through the DMAIC methodology. Before starting the DMAIC Certification Project, participants take part in a simulated exercise designed to practice applying the full methodology in a realistic, guided environment.

- Define: Project Selection
- Measure: Critical Inputs, Value Stream Mapping, MSA
- Analyze: Inferential Statistics, ANOVA, Intro to Process Capability
- Improve: Kaizen Events, Intro to Design of Experiments
- Control: Control Plans, Statistical Process Control
- DMAIC Certification Project

Earn Professional Development Units (PDUs) for all Lean Six Sigma certifications through our partnership with the Project Management Institute (PMI).

Green Belt PDUs: 18 credits

GREEN BELT LEAN SIX SIGMA CERTIFICATION

Personal Coaching

Our certification program includes guidance from an expert practitioner utilizing the Kata problem solving methodology. You will identify a champion who will participate in some of the coaching sessions.

Flexible

Candidates receive full access to the course content for 12 months, allowing them to set their own goals and their own pace. A qualifying exam for certification is taken upon completion of the courses and the custom project. The exam can be retaken as many times as necessary at no added cost. We want you to succeed!

Benefits for the Organization

- Enables higher customer satisfaction
- Save money by detecting root causes in the workplace with problem-solving
- Increased productivity
- Improved quality of products and services

Champion

A Champion is the person sponsoring a candidate through a certification program. Typically, this person is in a leadership position and shares responsibility for the candidate's success. The Champion is commonly the person who authorizes the expenditure for the training on behalf of the organization and is accountable for a return on the organization's investment.

Gemba Academy considers Champions to be important members of the certification program team.

While the Gemba Academy Coach coaches the candidate through the learning materials and projects, the Champion sets goals, provides resources and support, monitors progress, removes roadblocks, and sponsors projects.

Candidates are more likely to be successful with a Champion's involvement.

	GREEN BELT	BLACK BELT	MASTER BLACK BELT
