

# YELLOW BELT

## LEAN SIX SIGMA CERTIFICATION

### Foundational

The Yellow Belt certification is an excellent opportunity for anyone who wishes to build a solid foundation of continuous improvement knowledge and practice. It's strongly recommended for all personnel who have the responsibility to solve problems and improve processes. Ideally, everyone in your organization would have this skill set.

### Accessible

Our videos feature expert practitioners and are designed to maximize learning efficiency, ranging between 5-15 minutes in length. Short interactive quizzes paired with supplemental resources allow for reinforced learning and immediate application of new principles.

### Flexible

Candidates receive full access to the course content for 12 weeks, allowing them to set their own goals and their own pace. Participants will make 5S improvements, identify and remove waste, and complete a root cause analysis.

### Benefits for the Organization

- Increased productivity
- Using objective, scientific methods to understand and solve problems
- Workplace Organization
- Gain an understanding of Lean tools and principles

### Syllabus Overview

- Introduction to Lean Six Sigma
- 5S Workplace Productivity
- Dealing with the Seven Deadly Wastes
- Practical Problem Solving
- Process Mapping
- Introduction to Statistics

Accelerate your Yellow Belt journey with optional coaching.

### Benefits for Individuals

- Applies to any industry
- Marketable-professional advancements
- Job retention
- Professional credibility
- Industry recognition
